The **GAP TITLE** is the Title your GAP carries next to his name i.e. Dorg the **90LB DOORKNOB**.

**LAW OF PLANE** is the optional **Guideline** your AWE can incorporate into your Exploration's, giving them their unique flavor.

**PR** is your **Pressure Roll (PR)** which is HIT'ting which comes into play in **Conflict Interaction (CI)**.

In each Plane your UP's GO to 0. 0 is the Symbol of Infinity, Completion and Beginning.

## Apotheum Colluseum, The Ultimate InterActive™ Game

Spiralling is the ENERGY FLOW of your Progression Over Planes. Each Plane is a Complete Circuit, a Circle. To Connect to the next Plane, you draw a line from each Circle to the next. Thereby, you achieve an overall motion of the Spiral. The way to GO through the Connection Point is the Point where Beginning meets End, where they are the same, where Breath meets Breath, where the Circle Repeats, from one Plane, from Beginning to End and Around Again, forever on the way, to Travel the Universe, the Way to see all Time and Space, Circle, by Remaining Intact, Circular, Conscious of Each Cycle, Each Plane.

This is the Nature and Purpose of Apotheum Colleseum.

Your Final Goal is to become HUMAN. That Plane is Infinite;

0 is the Symbol of Eternity.

P.S. Don't print all this shit man, you're a Tree Killer.
