I could keep on going like this forever.

Thus, like I Love said I pledge eternal psychic-war against your attempted pilferings of my privateproperty

Learn it motherfucker.

Your continued attempts against those ignorant of your arrogance will simply feed-my-machine. And lend-more-hypocrisy to the mechanisms of which you are mostly unaware, which is why you take advantage of the loop-holed Laws, and Inevitably others in your way

Rather thongood honest gullible

Hard work .

So fuck you all & go to hell!

I trust me, myself, and I.

You wal around with your Pride-stemmedvoice, smiling,

Getting away with Murder-one.

You moneuver other victims in, front of you, 'slachtoffers'

To your Satinism : You are

A filthy lowlife rodentLiar.

Everything about you deserves Death:

You jeopardize with your PowerTripping

Our children's, children's, children;

There is NO FUTURE WITHOUT TRUST.

Learn it fuckhole.

I WILL find out your INVASIONS

On my privacy, and own space,

When **I** can speakfeely

In my be, my own be,

Without being directly or subvertly attacked

Then I will leave you in peace.

Otherwise **I**WILL shred and

SHRIVEL YOU to the last

Iotum and pinchofblood you possess

In the equitable Bardostate,

YOU SHIT FUCKHEAD SCUMRAG LOSER.
