● Profile

- Helpful, creative, intellectual, logical/analytical, studious, organized, thorough.
- I first started in IT in 1997 when I started my website Silverlingo.com, but I was actually already busy since arcades in Toronto, Canada. From 2001 to 2005 I worked as a System Administrator in diverse instances, since then as a Webmaster, Webdesigner and/or Webdeveloper on about 20 websites. I have also done projects such as writing, editing and translating text including publishing 4 books, made music, art and B-humor film plus Open Source scripting and 2D/3D graphic design. My most recent project which is also continuous is my Photography which I am busy uploading to Google+. My passion is writing in genres such as Science Fiction, Fantasy, Humor, Poetry, Philosophy, Politics and now even Science. See my sister website Planesofexistence.eu.
